PUSH IT FURTHER
JEEP® PERFORMANCE PARTS
Hardcore off-roaders require hardcore parts. Jeep® Performance Parts from Mopar® provide that toughness, durability and performance — enough to overcome any extreme challenges dished out by treacherous terrain. Jeep Performance Parts are developed with precise fit and function, properly equipping your Jeep Brand vehicle with the tools to tackle the toughest trails.

As you’re building your Jeep Brand vehicle, choose from our comprehensive catalog of Jeep Performance Parts to upgrade your vehicle’s capabilities and make it your own. Our lineup of products — including engine components, performance chassis parts, performance wheels, driveline components, performance engine components and off-road accessories — are engineered to enhance your Jeep Brand vehicle’s unique characteristics.

Your next adventure awaits, and Jeep Performance Parts are ready to help lead the way. Happy Trails!

Front Shocks P/N P5155804 $74.55
Rear Shocks P/N P5155805 $75.20

‘07-’11 WRANGLER STABILIZER BAR QUICK DISCONNECTS FOR 2" AND 4" LIFT KITS
Front P/N P5155419 $165.00

‘07-’11 WRANGLER STABILIZER KIT FOR 2" AND 4" LIFT KITS
Steering, High-Clearance, High-Capacity P/N P5160051 $111.00
FOX Brand Premium Steering Stabilizer P/N 77072360 $175.00

BIG BRAKE KIT
Upgrade your braking system to match larger tires and wheels. Features large 13-inch rotors, big 2-piston calipers, caliper mounts, brake lines and heavy-duty pads for the front axle, and also includes a matching brake booster and a 21% larger master cylinder. These components are from our Ram truck line, so replacement parts are easy to get. 17-inch wheels or larger are required; however, not all 17-inch wheels will work. Be sure to check clearance before driving.

Big Brake Kit – Jeep® Wrangler P/N P5160051 $895.00
Performance Master Cylinder and Booster – Jeep Wrangler P/N P5160050 $245.00

*MTX requires Clutch Reservoir P/N 68226976AA or similar remote reservoir.
LIFT KITS**

One of the first things owners do is fit larger tires to their Wranglers. We offer 2" and 4" lift kits to allow the proper clearance to fit your tires. Our 2" lift kit is a complete system, not just a cheap spacer lift. To enhance riding and handling, we have teamed with FOX to provide a set of shocks tuned specifically for a Wrangler with oversized tires.

WRANGLER 2" LIFT KIT WITH FOX RACING SHOX**

Features the new FOX Racing Shox 2.0 Performance Series IFP shock. Its brushed aluminum shock body dissipates heat faster than conventional steel and combines with other race-inspired technology to provide incredible fade-free performance, precise handling and stability. Hard chrome plated heat-treated shock shaft and redundant sealing system does not require a dust boot. Includes four tuned coil springs, brake line, track bar brackets 1310, Double Cardan front drive shaft and yoke (3.6L engine) and all the hardware required for a complete installation. Wide tires will require a 12mm wheel offset. Backed by one-year Mopar limited warranty.

*Check clearance requirements.

WRANGLER 4" LIFT KIT WITH FOX RACING SHOX**

Raise your profile and enjoy the fun of off-roading and handling. Kit includes four specially tuned springs with corrosion protection, four tuned FOX reservoir shocks, control arms, necessary brackets 1310 double, Cardan front drive shaft and yoke. Also includes a FOX steering damper and our High Steer Conversion Kit. Backed by one-year Mopar warranty.

*Production wheels will not work with this kit. Minimum of 12mm wheel offset required.

**Jeep Performance Parts Lift Kits are “Off-Road Only” parts. See Regulatory Statements on pages 38 and 39 for important information and limitations applicable to the installation and use of Jeep Performance Parts “Off-Road Only” parts.
PERFORMANCE WHEELS
CIRCLE OF TRUST

For an expanded selection, visit MOPAR.COM NEW AND TOP-RATED EQUIPMENT
On the trail, rubber meets the rock — not the road. When the going gets tough, you need wheels that are tougher. Jeep® Performance Parts Wheels are engineered to accommodate wider, aggressive off-road tires and cope with paths never touched by painted lines — and do it with style and appearance that stand out from the crowd. Available on 2007-2017 Jeep Wrangler. Backspacing allows upgrade to 35" tires without frame interference.
NEW 17-INCH BLACK WHEEL
17" x 8.5" x 12mm cast aluminum wheel. 1,950-lb. load rating. 5" x 127mm bolt circle diameter. 71.54mm pilot bore diameter. Fully painted black (AH-003 RXF). Kit includes black Jeep® Brand center cap.

'07-'17 Jeep Wrangler P/N 82214964 ................................................. $245.00

STANDARD STEEL WHEEL
17" x 7.5" x 47.3mm offset wheel for winter tires or off-road use. (Production sizing is 17" x 7.5" x 44.5mm offset.)

Steel Wheel – Jeep Wrangler P/N 82124455AB ......................... $162.00

TAILGATE REINFORCEMENT
Cast aluminum tailgate reinforcement replaces the stock hinges and supports the spare tire mount. This tailgate hinge system mounts to existing body attachment locations and can be used with or without the production tire carrier.

'07-'17 Wrangler, Tailgate Reinforcement System
P/N 82214770AB ................................................................. $625.00

OVERSIZED SPARE TIRE CARRIER
Large cast aluminum spare tire mount, adjustable for different size tires and wheel offsets. Use with cast tailgate reinforcement. (Required for tires over 33" in diameter with tailgate reinforcement.)

'07-'17 Wrangler, Adjustable Spare Tire Mount
P/N 77072345 ................................................................. $275.00
ALUMINUM WHEELS

Add some style and remove some weight at all four corners with these cast aluminum wheels, available in both 17- and 18-inch diameters. Available in multiple finishes to match driving conditions and style of your vehicle.

17-Inch Cast Aluminum, Black P/N 82214010 ............... $325.00

18-Inch Cast Aluminum, Black P/N 82212154 ............... $408.00

20-INCH ALUMINUM WHEEL

20” x 8.0” x 56.4mm Cast Aluminum Wheel. Mopar design. 1,950-lb. load rating. 5” x 127mm bolt circle diameter. 71.54mm pilot bore diameter. Fully painted Jet Black Semi Gloss (AH-003 RXF). Kit includes black Jeep, Brand center cap.

‘11-’17 Jeep Grand Cherokee P/N 82219012 ............... $235.00

BEADLOCK CAPABLE WHEEL

17” x 8” beadlock includes the beauty ring and provides a backspacing of 4.4 inches (12mm offset). This will allow the use of a 35” x 12.5” x 17” tire. Functional beadlock ring kit required.

Jeep Wrangler P/N 77072466 ............... $395.00

FUNCTIONAL BEADLOCK RING KIT

Functional beadlock ring kit offers true beadlock capabilities and allows the user to secure tire bead. For off-road applications only.

P/N P5160154 ............... $219.00
PERFORMANCE DRIVELINE COMPONENTS
BUILT TO WITHSTAND

For an expanded selection, visit MOPAR.COM NEW AND TOP-RATED EQUIPMENT
A challenging, changing landscape is part of the rough charm of the off-road. It’s crucial to have total control over the power being put to the ground. Jeep® Performance Parts Driveline Components get you in gear under the most challenging conditions.
BUILT TO WITHSTAND

Performance Driveline Components

**AXLE ASSEMBLY**

Front and rear axle assemblies will provide the next level of off-road performance for your CJ, YJ or TJ and are direct bolt-in replacements for the ’07-’17 JK. These axles are shipped with current Wrangler Rubicon suspension mounting brackets installed. Adaptation of these units into previous models is the responsibility of the purchaser. These axles come completely assembled with 4.10 gear and electric selectable locking differential.

**AXLE, FRONT ASSEMBLY**

'07-'17 Wrangler, Dana 44™, 4.10 Ratio, Tru-Lok® Electric Selectable Locking Differential, 5 on 5.0” JK Wheel Pattern, w/o Brakes P/N P5153825AH .......................... $2,395.00

**AXLE, REAR ASSEMBLY**

'07-'17 Rubicon, 4.10 Ratio, Tru-Lok Electric Selectable Locking Differential, 5 on 5.0” JK Wheel Pattern, w/Brakes P/N P5153826AE .......................... $2,100.00

**FRONT AND REAR AXLE BRACKET KITS**

For the builders who want to install their own axle, Jeep® Performance Parts offers all of the necessary brackets in one kit. The kit consists of the upper and lower control arm mounts, shock mounts, spring mounts and track bar mounts. These parts are raw steel ready for welding. This is a package of the production stamped brackets.

Front Axle Brackets
P/N P5160041 ........................................ $275.00

Rear Axle Brackets
P/N P5160042 ........................................ $275.00

'07-'17 Wrangler HD Greasable Ball Joint Kit (includes all four ball joints) P/N P5160059 .......................... $225.00

**AXLE COMPONENTS**

**WIRING HARNESS**

20-Foot, 2-Wire Connector. You provide power and ground with your switch. Allows front or rear locking axle to be powered P/N P5155359 .......................... $41.20

**DIFFERENTIAL COVERS**

The Mopar® extreme heavy-duty differential covers offer upgraded protection for your axle’s differential. Made from nodular castings, these covers provide increased strength and protect your differential from severe impact from rocks or off-road obstacles. They also greatly enhance the rugged look of your axles. Each cover comes with exclusive Jeep Brand badging.

'07-'16 Wrangler, Dana 30™ Heavy Ribbed Cast Iron Differential Cover, replaces the stock stamped steel cover P/N P5155445 .......................... $187.00

'07-'16 Wrangler, Dana 44 Heavy Ribbed Cast Iron Differential Cover, replaces the stock stamped steel cover P/N P5155446 .......................... $187.00

'07-'16 Wrangler, Dana 60™ Heavy Ribbed Cast Iron Differential Cover, Jeep Brand logo P/N P5160020 .......................... $215.00

**RING AND PINION GEARS, DANA 44, 4.88 RATIO - WRANGLER**

Made from heat-treated 8620 steel.

Front Axle P/N P5155355AB ........................................ $490.00

Rear Axle P/N P5155356AB ........................................ $490.00

**HEAVY-DUTY RUBICON DANA 44 FRONT AXLE HOUSING**

This heavy-duty axle housing is a direct replacement for your Rubicon front axle. This housing features thicker wall tubes and improved bending strength over stock. This is a bare housing, ready to accept the gears, locker and shafts from your housing.

P/N P5160036 ........................................ $995.00

**AXLE ASSEMBLY**

'07-'17 Wrangler, Dana 44™, 4.10 Ratio, Tru-Lok® Electric Selectable Locking Differential, 5 on 5.0” JK Wheel Pattern, w/o Brakes P/N P5153825AH .......................... $2,395.00

**AXLE, REAR ASSEMBLY**

'07-'17 Rubicon, 4.10 Ratio, Tru-Lok Electric Selectable Locking Differential, 5 on 5.0” JK Wheel Pattern, w/Brakes P/N P5153826AE .......................... $2,100.00

**FRONT AND REAR AXLE BRACKET KITS**

For the builders who want to install their own axle, Jeep® Performance Parts offers all of the necessary brackets in one kit. The kit consists of the upper and lower control arm mounts, shock mounts, spring mounts and track bar mounts. These parts are raw steel ready for welding. This is a package of the production stamped brackets.

Front Axle Brackets
P/N P5160041 ........................................ $275.00

Rear Axle Brackets
P/N P5160042 ........................................ $275.00

'07-'17 Wrangler HD Greasable Ball Joint Kit (includes all four ball joints) P/N P5160059 .......................... $225.00
**DANA 60™ CRATE AXLE**

‘07-‘17 WRANGLER, ELOCKER

Mopar® now offers brand-new front and rear Dana 60 crate axles for ‘07-‘17 Wrangler models. Wherever limits are pushed, Dana 60 is there. Introducing the new Dana 60 front and rear axles for the Jeep® Wrangler. Not only are they the biggest, strongest axles we have ever built, but they also incorporate many of the upgrades that off-roaders demand. You get the unparalleled technology, strength and durability that comes with these all-new axles. Featuring electric locking differential, including wheel-speed sensors and a choice of 4.88 or 5.38 final drive gearing. A special high-clearance cast carrier housing provides 14.5mm improvement in ground clearance over a standard Dana 60. This housing provides an integrated upper control arm mount and a Jeep Branded heavy-duty cast iron differential cover. Front axle features massive SPL 70 universal joints. The production steering linkage is compatible with this axle and mounts 2" higher than stock. Rear axle is equipped with 32-spline chromoly shafts, electric locker, choice of gear ratios, Ram 3500 disc brakes, cast iron differential cover, 1350 U-joint yoke and all brackets.

*Requires aftermarket cal for axle ratio, minimum 2" lift, 8-lug wheels vehicle modification and 1350 U-joint driveshafts.

SHOP ANY TIME AT MOPAR.COM
The trail is no place for the weak. You need to pack plenty of power in reserve to conquer massive rock formations and scale steep mountains. Jeep® Performance Parts Performance Engine Components ramp up the horsepower and torque.
PERFORMANCE INTAKE SYSTEMS

These bolt-on systems are designed to allow cooler outside air to flow through a directional cone filter, directly into the intake manifold. They provide noticeable horsepower and torque gains under varying atmospheric conditions. Kits include all mounting hardware and a washable/reusable filter. Do not oil dry media filters. CARB-approved E.O. # D-265-22.

**CAMSHAFTS, LIFTERS & HARDWARE**

Mopar Performance Camshafts are designed and engineered exclusively for your engine. A wide range of profiles are available, from mild to wild. All camshafts are developed, dyno’d and track tested by Mopar engineers for increased power and RPM potential while maintaining reliability and the best possible low-speed characteristics, including torque and idle quality. Mopar camshafts offer the best horsepower-to-dollar-spent value. Each package contains the camshaft, camshaft lube, instruction sheet and tappets.

Mopar parts sold wholesale to an automotive service facility and installed by a professional technician are warranted against defects in workmanship or materials for 24 months/unlimited miles for parts and up to $150.00 in labor. Mopar parts and Magneti Marelli Offered by Mopar parts sold over-the-counter for vehicle owner or do-it-yourself installation are warranted against defects in workmanship or materials for 24 months/unlimited miles for parts exchange only.

Mopar parts and Magneti Marelli Offered by Mopar parts replaced on an FCA US LLC vehicle still covered by the FCA US LLC New Vehicle Basic Limited Warranty are warranted for the remainder of the 3-Year/36,000-Mile New Vehicle Basic Limited Warranty, or for the Mopar 24-Month Basic Limited Warranty from the original installation date, whichever is more favorable to the customer.

The Mopar Basic Limited Warranty covers the cost of towing a vehicle to the nearest authorized FCA US LLC dealership if the failure of a covered part causes the vehicle to be inoperable. If a Mopar part or a Magneti Marelli Offered by Mopar part is installed in an FCA US LLC vehicle by an authorized FCA US LLC dealer, and if, while that part is still under warranty, it causes other parts to be damaged or to fail, those other parts will be repaired or replaced under warranty, regardless of whether the other parts were covered by an FCA US LLC warranty at the time of failure.

These warranties are the only express warranties made by FCA US LLC for Mopar Parts and Accessories and Magneti Marelli Offered by Mopar parts. Except where prohibited by law, this warranty is the sole and exclusive remedy. No person, including a dealer or employee of FCA US LLC or its affiliated corporations, has the authority to vary or change these warranties.

Mopar® parts and Magneti Marelli Offered by Mopar parts sold with a separate manufacturer’s warranty are not eligible for the Mopar warranty. Warranty information on these parts is provided with the part or in its packaging. Examples include: Garmin navigation, TomTom navigation, Katzkin leather, Koss headphones, truck bedliners, paint sealant and fabric protection.

EXCEPTIONS

The following Mopar products have time and mileage limitations, or warranty coverage that differs from the general coverage described above: Jeep Performance Parts

Jeep Performance Parts with part numbers beginning with “P” are sold “as-is” without warranty coverage of any kind by Mopar unless otherwise noted.

NO PARTS WARRANTY – “AS IS”

Jeep Performance parts are sold “as is” unless otherwise noted. This means that parts sold by Jeep Performance carry no warranty whatsoever. Implied warranties, such as warranties of merchantability are excluded. (An implied warranty of merchantability means that the part is reasonably fit for the general purpose for which it was sold.) The entire risk as to quality and performance of such parts is with the buyer. Should such parts prove defective following their purchase, the buyer and not the manufacturer, distributor or retailer, assumes the entire cost of all necessary servicing or repair. Chrysler, Dodge, Jeep and Ram vehicle and parts warranties are voided if the vehicle or parts are used for competition. The addition of performance parts does not by itself void a vehicle’s warranty. However, added performance parts (parts not originally supplied on the vehicle from the factory) are not covered by the vehicle’s warranty, and any failure that they may cause is not covered by the vehicle’s warranty.

REGULATORY STATEMENT

Federal law requires emissions parts on new vehicles to be warranted for at least two years or 24,000 miles, whichever comes first. Federal and many state laws also prohibit the removal, modification or rendering inoperative any part that affects emissions or safety on motor vehicles used on public streets or highways.

Many Jeep Performance Parts are designated for track use or off-road use only. Installation of certain components may bring the vehicle out of compliance with safety and/or emissions standards. Mopar recommends that vehicles with parts designated in this fashion not be operated on public roads. Jeep Performance customers are responsible for complying with applicable state and local environmental regulations.

Additionally, certain performance parts may affect the emissions characteristics of the vehicle. If you install them on the vehicle, and your vehicle consequently fails a required state or local I/M (inspections and maintenance) emissions test, including any test required to maintain or renew your vehicle’s registration, or if your vehicle is subject to an emissions recall, FCA US LLC may not be required to repair your vehicle under the emissions performance warranty, and you may be required to remove those parts at your own expense in order to obtain repairs necessary to pass the I/M test or to perform the recall.
*Those Jeep Performance Parts designated as “Off-Road Only” have not been evaluated or tested for crashworthiness or compliance with safety standards.

**Any Jeep Performance Part noted as “Off-Road Only” may not be installed by a Chrysler, Dodge, Jeep, Ram, FIAT or Alfa Romeo dealer on a new vehicle, and may not be sold or financed in conjunction with the sale of a new vehicle. FCA US LLC does not authorize the installation of any part noted as “Off-Road Only” on any vehicle prior to its first retail sale.

JEEP PERFORMANCE PARTS LIMITED WARRANTY AND REGULATORY STATEMENTS

NOTE

Federal and many state laws prohibit the removal, modification or rendering inoperative of any part or element of design affecting emissions or safety on motor vehicles used for transporting persons or property on a public street or highway. Violation may result in a fine of up to $27,500 per vehicle. Mechanical and/or electronic performance parts listed in this catalog cannot be used on vehicles used on public streets or highways. These parts may be used only on vehicles used solely in sanctioned off-highway events. No other applications are intended or implied. Those parts that have been granted an exemption by the California Air Resources Board (CARB) or meet the EPA requirements of memorandum 1A are legal for highway use in California, New York and Massachusetts and are noted as such.

NOTE – CALIFORNIA ONLY

The emissions laws and regulations of the state of California apply to all non-racing vehicles operated in California. Consequently, those parts marked in this catalog with an asterisk and appropriately marked on their packaging may legally be used in California only on a racing vehicle that will never be operated on public roads.

ADDITIONAL PERFORMANCE INFORMATION

Jeep Performance Crate Engine Assemblies – Crate engine assemblies are warranted for “parts only” “as delivered” against defects in materials or workmanship for 90 days from the date of purchase. The following covered components for performance engine assemblies, which prove to be defective in materials or workmanship, will be replaced on an exchange basis for 90 days: cylinder blocks, and all internal parts, cylinder head assemblies, intake manifold, core plugs, valve covers, oil pan, timing gear and/or chain and cover, water pump, gasket and seals.

Jeep Performance Parts with part numbers beginning with “P” are sold “as-is” without warranty coverage of any kind by Mopar unless otherwise noted.

NOTE TO DEALER:

MOPAR WARRANTY REGISTRATION AND REPLACEMENT PROCEDURES

The Dealer must notify FCA US LLC whenever you install Accessory Upgrades. Transmit the Option Update via DealerCONNECT Service Tab > Vehicle Option Update.

NOTE TO INTERNATIONAL DEALERS AND DISTRIBUTORS

The accessories in this catalog were designed, engineered and approved for use in the United States and may not comply fully with regulations in your country. Before ordering these accessories, please confirm that they meet all local regulations. Special discounts, display items, promotional offers and supplier ship direct (SSD) shipments apply only to the United States.

*Those Jeep Performance Parts designated as “Off-Road Only” have not been evaluated or tested for crashworthiness or compliance with safety standards.

**Any Jeep Performance Part noted as “Off-Road Only” may not be installed by a Chrysler, Dodge, Jeep, Ram, FIAT or Alfa Romeo dealer on a new vehicle, and may not be sold or financed in conjunction with the sale of a new vehicle. FCA US LLC does not authorize the installation of any part noted as “Off-Road Only” on any vehicle prior to its first retail sale.
